**Highlights of the 5 key areas that require the country's attention:**

**0.4%**

Proportion of men and women engaged in agriculture with access to financial services

**8.6%**

Budget lines on social protection as percentage of the total resource requirements for coverage of the vulnerable social groups

**0.3%**

Percentage of farm, pastoral, and fisher households that are resilient to climate and weather related shocks

**66.7%**

Existence of government budget-lines to respond to spending needs on resilience building initiatives

**No data**

Average reduction rate of Post-Harvest Losses for all the commodities reported

**Recommendations**

-Mozambique should increase public investment in agriculture as well as increase farmers' access to finance. -Strengthen social protection for vulnerable social groups. -Increase investment in resilience building in order to make households resilient to climate and weather related shocks. -Strengthen agriculture data collection and management systems (Monitoring and Evaluation) to ensure that missing indicators are reported in the future such as data on post-harvest losses and sustaining agricultural GDP for poverty reduction. -Strengthen Mutual Accountability (i.e participative agriculture review processes) for action and results.

**2017 Country Scorecard for implementing Malabo Declaration**

Country Name										Mozambique		
Malabo Commitments Areas (T)					Commitments Categories (C)
